Youth and mobility

Volunteer me up

WHERE
Martinique

DURATION
March 2019 - January 2020

TOPIC
Youth, European volunteering, educational mobility

OBJECTIVES

- Equip volunteers with new skills, attitudes, knowledge and tools to promote their employability.
- Stimulate the reflection, exchange and sharing of ideas of young volunteers around the added value of educational mobility.
- Promote the participation of young Martinicans in educational mobility in Europe and internationally, in the short and long term.
- Create different innovative awareness and information tools adapted to young people from Martinique in order to promote mobility.
A volunteer from Italy took part in a 10-month volunteer placement in Martinique to create tools and set up awareness-raising and information activities on educational mobility schemes and opportunities.

**IMPACTS**

- Development of cross disciplinary skills of the young volunteers.
- 139 youth workers and 304 young adults (18-30 years old) made aware of educational mobility by setting up information and awareness-raising meetings and creating information points during youth events.
- Development of citizenship, solidarity and commitment of young Martinican people.
- Creation of information and awareness-raising tools for educational mobility for young people from Martinique.
