Youth and mobility

Youth exchanges

WHERE
Throughout Europe and in neighbouring countries (e.g. Georgia, Armenia...)

DURATION
Throughout the year

TOPIC
Fighting against exclusion, racism and xenophobia, art and culture, environment, heritage protection, media and information for young people, health, solidarity, economy, sport...

Objectives
- To offer groups of young people from different countries the opportunity to meet one another and get to know each other better.
- To develop youth engagement and participation.
- To develop diverse skills among young people.
- To allow young people to become aware of different social and cultural realities, to discover other cultures, habits and lifestyles.

Target groups
Young people (18-30 years old).
**Activities**

During an exchange, young people organize a series of activities (e.g. workshops, debates, simulation game, outdoor activities, etc.) on the theme of a common interest.

**Impact**

- Development of specific (depending on the topic) and socio-professional skills of young people who typically have fewer opportunities.
- Open-mindedness and knowledge of Europe’s cultural diversity.
- Development of young people’s autonomy and initiative.
- Improvement of young people’s language skills (English in particular).

**Partners**
